PHILADELPHIA:

PUBLISHED FOR THE BOARDS

OF THE

Presbyterian Church in the United States of America,

BY THE

PRESBYTERIAN BOARD OF PUBLICATION.

Subscriptions should be sent to JOHN A. BLACK, Publisher, 1334 Chestnut St., Phila., Pa.

"THE RECORD"

Is the only publication from which can be got a complete view of the benevolent operations of the Church. It is edited by the Secretaries of its seven Schemes, the men best able to tell what is doing, and what they need to enable them to do more. The churches which contribute most liberally to the support of the Boards are those which put a copy into the hand of each of their members. When four or more copies are sent to one address, the price is twenty-five cents a year per copy, which is less than cost. It is sent to one person for fifty cents a year. There is no doubt that its general use would be the means of building up intelligent givers as well as readers.

BOARD OF HOME MISSIONS.

A GOOD BEGINNING.

REV. E. L. DAVIES.

PORT HOPE, MICH.

This, my first quarterly report from this field, was due on the 20th of this month, but has been delayed a few days, as I have been busy getting my family settled in our new home. We are now settled in the new house which was purchased by the Port Hope congregation soon after the organization of the church a few months ago, and we find plenty of work opening up before us. I have filled my appointments regularly, both at Port Hope and Sand Beach, during the quarter, except three Sabbaths, being blockaded at home last Sabbath by a heavy snow storm, and missing two Sabbaths in December while moving my family from Battle Creek. My congregations in both fields are very good, averaging 200 at Port Hope and 175 at Sand Beach. There is no church organized at Sand Beach yet, but we expect to organize before long, as there is a considerable number of Presbyterian families in the place and several others, mostly from Canada, scattered through the adjacent country. In fact a large majority of my supporters in both fields are Scotch and Scotch-Irish, and they seem to be thoroughly united and enthusiastic in pushing on the work. Some six weeks ago I preached at Sand Beach on a cold and stormy Sunday night, and an elderly Presbyterian lady rode in from the country in a lumber wagon, over very rough roads, eight miles to hear me. She stopped at the close of the sermon, introduced herself, said it was the first Presbyterian sermon she had heard in four years, and then climbed into the lumber wagon and rode home the same night through the storm.

The Port Hope people are making arrangements to buy a lot and put up a new church next summer. They are pushing things forward with great energy, and feel confident they can build a \$2500 church with the amount of help promised by the Board of Church Erection. The lot will cost them \$400, but is a beautiful lot of one-half acre, and is located in the centre of the village at the crossing of the two principal streets. I have tried to persuade them to buy a cheaper lot farther back, but

they say they are not going in for cheap things, and they know they can pay for it and the church. I am just settling down to my work here, but the prospect is quite promising, and I hope to see a strong young church at each one of these points constituting my new parish. It is also a healthy field—the air pure and bracing and no malaria. My health is slowly improving, though I cannot endure long-continued study.

THE GERMANS COMING FORWARD.

In the congregational meeting of the Corinthian Avenue German Presbyterian Church held at Philadelphia, Monday, January 10, 1881, it was, on motion of the Board of Trustees, unanimously resolved, that the Corinthian Avenue German Church in Philadelphia tenders its sincerest thanks to the Board of Home Missions for the kind aid given to this church during the last three years and some months, with the notification, that from February 1, 1881, the end of the present commission, the church will undertake entire self-support, trusting that the Lord will continue to bless us as hitherto.

BISHOP OF A WHOLE COUNTY.

REV. J. P. SCHELL.

Euclid, Minn.

I arrived at Grand Forks about the 1st of October with the purpose of locating in Park River; but, while preparing to set out thither, Providence seemed to overrule my original purpose and lead me into a different, though perhaps not less important, sphere. I came to Euclid, Minnesota (which is about eighteen miles east of Grand Forks and fourteen miles north of Crookston), in accordance with the advice of Brother Iddings and of our Presbyterial and Synodical Missionaries. I found here an open door, and at once devoted myself to the work, feeling that the hand of God had certainly directed me hither and had an important work for me to do. I purchased a good serviceable pony, and spent the first two or three weeks wholly in exploring the region and calling upon the various families found in it. The weather was wet, cold and disagreeable during the greater portion of the time that I was thus employed, nevertheless I succeeded in making about fifty calls, visiting in all about forty families. We effected an organization on Sabbath, October 24, receiving about a dozen members, nearly all of whom were heads of families. We succeeded in getting everything in excellent shape for work, and if Providence shall favor our plans and efforts we shall expect to secure the erection of a comfortable house of worship for the congregation next spring. Our county is one of the largest in the State, and ours is the first Presbyterian organization in the county, and the only denomination at present in the community. Our village is small and the country quite new, but its prospects for rapid and healthy growth are exceedingly bright. Few churches have been organized under more favorable auspices than have attended this.

My family arrived early in November, and I was obliged to build for

myself a sod shanty, after the primitive pattern so often met with in this new country. In spite of many difficulties arising at this season of the year the task was hastily accomplished, and we entered our humble mansion just as winter was setting in. Since then the weather has been severe much of the time, and though we have been able to keep comfortable, we have been, by the necessities of our situation, almost as completely isolated from the rest of the world as though we belonged to some other planet; so that about all we can do is to "hold the fort" and be ready to meet the anticipated rush hither next spring. There is every reason to expect a prosperous season here at that time, and I mean to do all in my power to improve the time with the rest.

A TEMPERANCE TRIUMPH.

REV. J. H. BALDWIN.

TOWER CITY, DAKOTA TER.

This followed a signal triumph in the cause of temperance. The proprietor of this town gave out that he would sell no lot for a saloon, and when it was found that a man who had purchased a lot professedly for a furniture store had put in or opened a saloon there was much dissatisfaction, and Mrs. Baldwin rallied the ladies and secured an organization in connection with the "W. C. T. U.," and they went to work in earnest and in about five months secured the names of almost the entire community to the pledge, sent such overwhelming petitions to the county board as to obtain from them the decision that they would not renew the present saloon-keeper's license or grant license to any other while public opinion remained what it was. Fifteen of us borrowed the money and purchased the saloon, and cleared it out and rented it for a store; so for the time we have no saloon, and we hope that this will be followed by a general revival. Well, we have at least been greatly blessed, and for which we are truly thankful. Since my last report, in the absence of brethren I expected, I organized a church of thirteen members at New Buffalo, six miles east of this place, and between this place and Wheatland, sixteen miles east of this (T. C.), and all on the Northern Pacific Railroad. These three churches now constitute my field, since Prof. Thompson and Rev. Mr. Fanning have taken the eastern and western extremes of my original field. We have hope, however, of an organization soon west of this, at Valley City or Sanborn, or both. I have labored without interruption and with very much of encouragement.

MONTANA.

A WOMAN'S APPEAL; OR, A CHANCE FOR WOMAN'S WORK FOR WOMAN.

The following letter, bearing date Nov. 4, 1880, comes to us from a church in Montana. Paul said, "Help those women." Do not such women as the writer need sympathy and help?

I have been asked by the members of this church to correspond with the secretary of the Board in reference to our needs as a church. I wish briefly to tell our wants and ask what can be done for us. We are without a pastor; and in all my life I have never seen a place or country where there was so much need of work—a missionary work in every sense of the word. You perhaps know something of the history of this church; how we have struggled to build and pay for our church; how our congregation, composed mainly of women, has worked in season and out of season for the church and Sabbath-school. It would take pages to tell only a part of our struggles and discouragements. I think we have five male members, but they leave all the work and business to the women, seeming to feel their duty done in that way. We attend to all the business, teaching in, and often superintending, the Sabbath-school. As we are all wives and mothers, we do it under many difficulties; and as this letter will need apologies, I will here say I am writing in the sick room of my little girls, who have measles and who make many interruptions in my writing. We are willing to do the work I speak of, for the need is great. If we can have a leader—a pastor who will be a help. And we have such a peculiar people to deal with-intelligent, critical, careless, indifferent—and yet very easily approached by the right person, that is, by one who has some insight into human nature; and we think if we had a really good, active, live minister, we could raise four, perhaps five, hundred dollars. Much depends upon the man. If we could have one to rouse them intellectually, then lead them to the Saviour, it would be all we need. I have much at stake, and I pray so earnestly that we may have a true servant of God. We have two railroads approaching; have every reason to expect a large increase in our population. Indeed, it has begun. I am writing with a child in my arms, and will close abruptly. Please let us hear at your earliest convenience.

DAKOTA TERRITORY AGAIN .- REV. JAS. B. CURRANS.

PARKER, D. T., August 2, 1880.

My second year began the first of May, and I now make my report of the first quarter. We are pleased to report the work going on favorably. We have received three new members on profession into the Parker church—all mothers of families of children. Our little church now numbers twenty-one, more than twice what we had nine months ago. We expect four or five others to unite with us in the next three months.

Our church building has been delayed by several things, but the plans and specifications are now in the hands of the carpenters to contract, and we expect soon to commence building. We have, from home and abroad, \$900 raised; and we hope to complete and dedicate the building within a year from the time we organized the church. Our work will be more pleasant, and we hope more profitable, when we get into our new church. Our services now are held every week at night on Sabbath, except the first Sabbath of each month, which is devoted to a union temperance meeting. The attendance has fallen off the last month in all our services, on account of the hot weather and harvesting, but we still have as good, if not the best, attendance of all the denominations in our place.

BOARD OF EDUCATION.

FINANCES.

The Board is closing its accounts this May in good cheer. The contributions have at last come in well. The debt of \$9500 at the beginning of the year has been reduced to \$2000, which will be cancelled as soon as a legacy to that amount now awaiting some legal formalities is paid in. Every obligation to our candidates has been as punctually met as the Recommendations and Professors' Reports would allow. Not a dollar has been borrowed from the banks. It looks as though square would be the word for this Board at the next Assembly.

Of the contributions sent in one came from a mission church in Peking, China, amounting to sixty dollars! It was accompanied with the following statement: "A part of this is from the native Christians, who, I am happy to say, seem to have a growing interest in all the work of all the Boards of our beloved church." What do some of our city churches at home think of this? Are they not "stirred to jealousy by them that were" so recently "no people"?

A FACT TO BE NOTED.

There are graduates from our seminaries this year ready and willing to go both on foreign missions and on home missions, but are hindered from so doing by a debt incurred for their education, which they must somehow contrive to pay before going. This compels their seeking a settlement nearer home, in some congregation which offers more than a living salary. This is one bad result of the quite insufficient amount which the Board now gives our candidates. One hundred dollars per year meets no more than one half the expenses of a student in the theological seminary, and about one third of his expenses at the college. therefore, he can find some means for supplementing his scholarship, he must go in debt. And such means are not easy to be had. Instructors in our institutions discourage all side labor that takes away attention and time from study. Preaching of all kinds, except by the regular licentiates, is frowned upon by the Presbyteries. Chances for teaching are largely absorbed by persons trained to it who make it their business. And these things make the lot of a student who has no means of his own a hard one, and bring on a result injurious to the church. The

candidate whom the Church has only partially helped to educate is not available when or where he is most wanted. The Home Board cannot get him, for he not only has not the means for defraying his expenses to any distant post to which he may be commissioned, but is fettered by the necessity of looking for some place which will afford a larger income than it can give in order to become free to go. Nor yet can he venture so far away from his creditors as the Foreign Board would send him. It is not to be wondered at, therefore, if some of our graduates "hang round home," to the disgust of some who "would like to see them further." The church must put a heavier mortgage on its candidates before it can think of retaining them under orders for service. The income of the Board ought to be enough to bring its scholarships up to the standard allowed by the Assembly, -\$150 each for collegiates and seminarians. This will be sound policy.

"THE ALABASTER BROKEN."

A letter enclosing a check for \$100 was sent to the Board a fortnight since through one of our professors, who was once the writer's pastor. It came from a widow, left with a large family, poor in means, but rich in grace, now in Kansas, one of whose sons was aided into the ministry by the Board, and is now an active pastor, and another son was sacrificed to his country in the late war, for which she has just received the first installment of a small pension; and it is out of this that she has made her contribution of gratitude for what has been done for her first The whole letter, which we are not at liberty to publish, breathes the spirit of gladness for the opportunity given her thus to testify her sense of obligation to the Church. The professor who forwarded it writes: "It comes nearer to the breaking of the alabaster than anything I have known in my experience."

Such disclosures of good done and of grateful appreciation of benefits received coming to us from time to time invest our work of education with a sacredness that ought to guard it against all indiscriminate sneers. There may be funds wasted occasionally on unworthy candidates, but these are small in comparison with the amount that is expended in helping into the ministry the sons whom our Hannahs have consecrated unto the Lord.

BOARD OF FOREIGN MISSIONS.

RECENT INTELLIGENCE.

Death of Missionaries.—It is with great regret we have to report the death of three of the younger missionaries of the Board—the Rev. James J. Hull, of the mission in India, on the 8th of March; Mrs. James T. Houston, of the mission in Brazil, on the 12th of March; and Miss Mary M. Campbell, of the Laos Mission, on the 8th of February. The two former were in this country for their health, and died among their friends. The death of Miss Campbell was under distressing circumstances. Taking a bath in the river, a few days from Bangkok, returning to Chieng Mai, she was drowned. Every effort to rescue her was made by Dr. Cheek, but in vain. Her interment was in the mission cemetery in Bangkok. All of these missionaries were faithful and devoted laborers; they all gave unusual promise of usefulness, and were greatly beloved. Their early departure must be classed with the mysteries of Providence.

[Just as the *Record* goes to press, we deeply regret to learn the death of the Rev. Jasper S. McIlvaine, at Chenanfu, China, February 2d, of pneumonia. He was one of the ablest and best missionaries. "Even so, Father."]

Notices of Missionaries.—The Rev. David Trumbull, D.D., and his wife have arrived at Valparaiso, Chili, on their return, with health greatly improved. It need not be added that their return was warmly welcomed. Miss Margaret C. Fetter and Miss Millie Bryant have been appointed as missionaries in connection with the Omaha boarding-school. The former is a member of the church of Muscatine, Iowa, and the latter of the church of Danville, Illinois.

ADDED TO THE CHURCH.—Mr. Thompson reports two new members received by one of the churches in Tokio (Yedo). Mr. Noyes speaks of two new members lately received at San Ui, near Canton. Dr. McGilvary mentions the admission of six new members in Chieng Mai. Mr. Ullmann reports one new member received at Etawah. Mr. Kennedy reports five new members received near Marshall, Liberia. Mr. Walker mentions six new members received at Kangwe, on the Ogovi.

CHURCHES ORGANIZED.—Mr. Wilson reports a church lately organized near Chieng Mai, Laos, and eleven new converts received as members. Mr. Wherry reports a church organized at Morinda, near Lodiana, India, of twenty-two members, six of whom were lately baptized. Mr. Chamberlain reports a church organized at Lencoes, Brazil, to which twenty-nine new members were admitted, and some by letters from the church of Brobas.

STATIONS ON THE GABOON RIVER .- Mr. and Mrs. Marling were

making arrangements to occupy Nengenenge, seventy miles inland from Baraka, Gaboon; and Mr. Truman, a native minister, expected to occupy a station on the Rembwe, a tributary of the Gaboon.

GABOON AND CORISCO MISSION, INTERIOR.

Dr. Bacheller, writing at Kangwe, January 5th, gives interesting news of Count de Brafsa's explorations. Starting from Kangwe he went up to the head waters of the Ogovi, and between these and some affluents of the Congo he found a fine, elevated, healthy, populous country. Going down one of these tributaries of the Congo he "reached that river five days' journey inland from Stanley Pool," as Mr. Reading writes. Thence his journey was by the Congo to the ocean, to Gaboon, and again to Kangwe, whence he expected soon to make further journeys. His discoveries will probably have much to do with the progress of our missionary work in the interior.

Four of the graduating students in one of the theological seminaries are under appointment by the Board for the Gaboon and Corisco Mission, three of whom expect to be ready to go out at an early period. The project of procuring a steamer for the use of this mission is receiving consideration. The lowest cost of such a vessel, if purchased, is estimated at \$9000; if chartered, not yet known. If purchased the running expenses are estimated at probably \$5000 a year. Questions of durability in that climate, of repairs where no facilities exist for making them, of mercantile steamers becoming perhaps soon available from the growth of commerce, require to be considered; but nobody doubts the desirableness of

having good communication with such missionary stations as may be occupied in the interior, and also with stations on the coast. The schooner now in use does not well suit even the latter, and is not adapted to the navigation of rivers above tidewater. We regret to add that the Jesuit missionaries have taken stations on the Ogovi, and, as usual, are getting ready to hinder the missionary work of other Christians.

INDIAN AGENCIES.

The presidency of General Grant witnessed a very great improvement in these agencies, attributable mainly to the appointment of most of the agents on the nomination of several missionary boards. The administration of his successor witnessed a partial return to appointments for political reasons, and we think also a certain distrust of the nominating bodies, which led to the withdrawal of some of the religious denominations from their connection with these agencies, and also to some uncertainty in the minds of others as to their continuing the arrangement. What line of policy will be pursued by the present administration will probably soon become apparent; it is not known as yet—April 6.

One of the things to be regretted was the unequal allotment at first of the agencies among the denominations, and some of the agencies were inadvertently overlooked in the distribution. Some of the boards received too many agencies; others, none at all; and the unassigned or overlooked remained as prizes for the politicians. This inequality was not intended by the President nor by the Secretary of the Interior, as we have reason to know; but it was difficult to rectify it in those days. It would have been wiser and quite in the line of the President's admirable purpose and of the policy itself, if the agencies could have been apportioned for nomination somewhat equally; and no difficulty is perceived in now making a fair distribution of them.

There are about seventy Indian agencies. Let them be distributed according to the number of adherents in each religious body, viz.: Methodists, of all kinds, 15,710,000; Baptists, of all kinds, 12,635,000; Roman Catholics, 7,500,000; Presbyterians, of all kinds, 5,450,000; Lutherans, 3,382,000; Congregationalists, 1,753,000; Episcopalians, 1,415,000; unclassed, 2,155,000.*

The allotment would have to be made, however, not in the gross, but

The allotment would have to be made, however, not in the gross, but to each denomination of any size separately. The larger bodies would be willing, doubtless, to accept a smaller list than their number would

^{*} In the case of Protestant denominations, the number of communicants is known. This multiplied by five will give the average number of adherents in each case, as stated above. The Roman Catholics are reported at their own estimate, which is no doubt too large. The unclassed includes some of the smaller Protestant bodies—the Moravians and the Friends, for instance—but it is made up chiefly of the skeptical or rationalistic classes, who are much fewer in number than their clamor in the newspapers, etc., would indicate.

seem to call for, so that no denomination of any extent should be unrepresented. For instance, if the Presbyterians might receive eight, it would be a graceful thing in them to accept of four, leaving the other four to be assigned to smaller denominations. We need not enter into further details. The rearrangement, if made at all, should be made with a well-informed purpose.

We forbear to discuss here the general subject of placing these Indian agencies in the nomination of the missionary boards. We think the plan on the whole has worked well for the Indians. It has worked well also for the country. It is our conviction that the increased interest of the American people, in having justice and humanity shown to the Indians, is attributable very largely to General Grant's policy in this matter of the agencies. It turned public attention to the practical questions of Indian civilization, as no other policy ever did. It is now evident that our public men cannot safely disregard the views of the religious people of this land, when justice and humanity are involved in the measures of the government. But there are practical difficulties in the way-perhaps such as are especially felt by the missionary boards. And it may be that the end of the policy has been measurably accomplished. The subject is too large and many-sided, however, for the space that can here be given to it: but this general statement, and the particular suggestion which it presents, may nevertheless be of some use.

DAKOTA WORK IN 1880.

The Rev. John P. Williamson sends an interesting and satisfactory report of the mission work for the Dakotas last year. We regret that our limited space does not permit the printing of it in full. The latter part we have had to give in brief summary.

The missionaries of the Presbyterian Board of Foreign Missions have expended five thousand five hundred dollars during the year 1880 in efforts to extend the Master's cause among the Dakotas; and it is right they should give some account of how that money has been spent.

Of the money expended, about \$2500 has gone to pay the salaries of the American laborers; about \$2000 for building—mostly for the new station at Poplar Creek; about \$350 for native helpers; about \$350 for publications and incidental expenses of schools; and about \$300 for

other items-mostly travelling expenses.

The principal event of the year has been the establishment of a new station at Poplar Creek Agency, Montana, and the addition to our forces of Rev. George W. Wood and wife, and Miss McCreight, to occupy the new station. Miss Dickson has also been transferred from Yankton Agency to the new station. We thank God and take courage. The new field is a very large and hopeful one. But we shall leave Mr. Wood to speak in particular of the work there. A mission meeting for the engrossing of a common report is not practicable at our great distances.

The work on the old field for the past year has few points of special note. The Lord has blessed us all with health, and the routine of duties has been performed with less interruption than usual. The seed has been sown by the preached word, by the circulation of the printed page, and in the schools. In the Lord's way the fruit will be brought forth.

My own labors have been divided among a multitude of cares. Over one-third of my time I have been absent from home: nine weeks were occupied on the exploring tour, when the station was located at Poplar Creek; three weeks were spent in attending the Annual Mission Meetings, and Bible Institute which preceded it; nearly two weeks were taken up attending Synod; one week I spent at Flandreau; over a week assisting Bro. Riggs in protracted meetings at Santee. While at home, I spent five Sabbaths, besides some other days, with the people at Hill church, eleven miles distant; the rest of the Sabbaths I was with the people at Yankton Agency, though I often preached in the afternoon at the Woods school-house, four miles away. A considerable part of the matter for the Japi Oaye has been prepared by me, requiring several days every month. During the past year, Rev. A. L. Riggs and I have put through the press a new edition of our Dakota Hymns, the editing and proof-reading both taking time, as our printing all has to be done by those who do not understand the language, and cannot read proof. I have also spent a great many days, and parts of days—if all brought together, certainly over fifty-in the preparation of a new Dakota dictionary, soon to be published. I have given one lesson a day to my colaborers, in the Dakota language, when at home. I have superintended the three day-schools under the charge of our Mission among the Yanktons, generally opening the school at the Agency every day with prayer and a Scripture lesson. My study is always open to the calls of Indians, which I should say averaged half a dozen a day; the Indians coming not only to talk about religion, but for almost every object. In addition to all this, the past year I have been called on by "the powers that be" to do more than an average portion of the duties which fall to the good citizen. I was at court on the trial of a number of Indian cases, assisted the Agent a number of days in the issue of the annuities, and did the interpreting for several councils. In the multiplicity of these cares, it seems needless to say that much of the work was not performed as well as the cause demanded.

We have been blessed in the faithful attendance of our colaborers, without which much of our work would have been cut short. During my long absences, Mrs. Williamson has much mission work on her hands, and much of the success of the woman's work here is due to her. The Aid Society raised nearly \$50 the past year, mostly for the benefit of the Native Missionary Society, though a part of it went to the native pastor, and I am sure received more than \$50 reward in their own hearts.

Miss Dickson spent the first three months of the year in the Woods School-house. It was a difficult position for a woman, perhaps a providential preparation for her present work; both by giving her a near insight into Indian character, and in familiarizing her with the Indian

language. The summer she spent at the Agency, and started early in

September to the new station.

Miss Helen Aungie taught school at the Agency for the first half of the year, and was then married to Mr. John Williams, and went to live at Lower Brule Agency. She was a faithful helper, and her knowledge of the Indian language and ways gave her an advantage in work, and we were sorry to lose her.

Miss Nancy Hunter, who takes Miss Aungie's place, is young and of little experience in the world generally, but as she was brought up in my father's family, this is no strange work to her. She had not, however, picked up the language before, except a few words, but is learning it rapidly now. She enters the work with true love and enthusiasm, and is doing well in the school, which has a larger and more regular attendance than usual.

Rev. Henry T. Selwyn, our native pastor, continues his labors faithfully, and is growing in knowledge of the Scriptures, and ability to expound them, and the church are united in his love. They raised this year \$85 in cash for his support, besides some clothing and food. This is a small amount, but I think it is very well for a first effort at supporting the gospel, among a people who are all poor themselves; indeed living, in part, upon the charity of the government. This winter Mr. Selwyn is preaching at Hill church regularly, and teaching the school there, but he expects to move back to the Agency in the spring. This gives the Hill people better instruction than when they have none but the elders to lead the meetings, with an occasional visit from me or Mr. Selwyn. We do not yet know where a pastor is to be found for this little church.

[The schools were not as largely attended as usual; 124 scholars, besides 18 at Poplar Creek. Seven new members admitted to the church, but six have died, and a few were dismissed to other churches; 190 communicants in the three churches. Of the whole number received, 230, "not half a dozen but what were in the darkness of heathenism twenty years ago." A good beginning made for self-support, and for benevolent objects—nearly \$300 reported, mostly given by the church of Flandreau. The native pastor of this church, Mr. Eastman, is much esteemed. Of the new station at Poplar Creek, we hope to give the report hereafter. It is well begun, and it gives access to a large number of Indians, a good many thousands, who are as yet wild.]

DO CHINESE CONVERTS IN THIS COUNTRY WEAR WELL?

(Concluded from page 130.)

We are asked also about our members who leave us to go to other places in California and to the territories. When they leave the school, and are away from the church, and beyond your watch and care, do they still keep the Sabbath and live as Christians?

We are happy to meet such inquiries by some such examples as I will

here give you.

Three or four weeks ago a letter came from "Camp Verde," Arizona Territory, asking me to send portions of the Old Testament, hymn-books in English, and a prayer-book in Chinese. Then followed affectionate inquiries concerning the brethren and respecting the school, prosperity of the mission, etc., and signing himself, Yee Fook Zang. The books were forwarded, and likewise a package of Chinese tracts for distribution.

This morning I was called down to give my receipt for a registered letter from Camp Verde, A. T. It contained a three-page letter, well written, and a twenty-dollar bill, with a request to "use it for the chapel, or to help in sending the gospel, or any way for God's work." This man united with the church in 1873. He left for that distant region in 1876. He has been in different places—at Mohave, Prescott, etc. seldom enjoying any means of grace besides the books he carried with him. When at Prescott, he says, he used to go to church, and sang with the congregation, which caused them all to stare at him. He says there are many Chinese scattered around through Arizona Territory, but none that he meets who love our Lord Jesus Christ, so that he has no fellowworshipper, but passes his Sabbaths reading his Bible, singing the hymns, and in prayer, all by himself, but his heart is very full of joy. When my letter came to him, he says it seemed to him as though he could see my own face coming in at the door, and his soul was very joyful. He adds, "I will first read the tracts you sent me, then give them to others that they may learn about Jesus." Then he asks for particulars about the church—how many have been baptized since he left, and what are all their names—and closes with this touching appeal: "Do please pray for me; I will always pray for you. Give my best regards and love to all the brethren."

Such letters as these are good. When they come in the morning they make work lighter all the day, and if they arrive in the evening they cause us to forget how tired we were.

THE MONTH OF MAY.—OUR ANNUAL COLLECTION.

The First Sabbath in May has often been designated by former General Assemblies as the most suitable time for the churches to take an annual collection for the Board's Missionary Fund. Except where some other preferred arrangement has been made for this cause, every pastor and stated supply is earnestly requested on that day to present this important object to his congregation and solicit their liberal aid.

This day is now come; the needs are great; numerous applications are on hand for the appointment of Book, Tract and Sabbath-school Missionaries, as well as for grants of books, tracts, catechisms, and papers. The Board is anxious to enlarge its work in this direction, and to give more than ever before to missionaries, poor and needy Sabbathschools, and other deserving applicants. We entreat every church and Sabbath-school to take a collection and send us liberally the means to carry out this purpose.

A circular letter, giving facts and figures in reference to the missionary part of the Board's work, was sent in the month of April just past to every pastor and stated supply. Should any of them have failed to receive a copy, one will immediately be sent if the desire for it is signified to the Corresponding Secretary.

FROM THE INDIAN TERRITORY.

The Board of Publication has a Book, Tract and Sabbath-school Missionary who is laboring with great zeal and success in the Indian Territory, from one of whose recent communications we take the following extracts:

A large portion of the people of this Territory are without any means of learning, and are living and dying without the gospel. I have travelled miles and miles and found many who have not had the gospel preached to them since before the war. But, thanks be to God, I am able to gather these scattered ones sometimes in a school-house, but

oftener in some house in the neighborhood, and hold meetings and talk to them, often to not more than ten; and how happy they are to sing

the old hymns and hear the old, old story!

At one place where I stopped on a Saturday night, as soon as the man of the house found out what my work was, he said, "Won't you give us a talk to-morrow?" I consented to do so, when he and his sons rode around the settlements to scatter the news. This they started to do after nine o'clock, and they did not get back until after twelve. Next day there were over fifty present to hear the "talk."

One woman told me that she blessed the day that I came to her house, for all that were in that household were without Christ. I talked and prayed with them; held prayer-meeting then. The woman and her husband made a confession of their faith in Christ. The husband is now

superintendent of the Sabbath-school.

Not long ago I met an old man—his age was eighty-one. I was told (and that by a Christian) that it was of no use to talk to him; he was given over to utter darkness. I spoke to him, and found that he was the son of a minister—gone far away from the path his father walked in. He told me that his father was a good man and had led him in the right way, but he would have none of it, and had lived all these years in rebellion against God when he knew better. And he said, "If I were to die this minute, I would not cry for mercy, for I do not deserve it, and I am willing to suffer the sufferings of the damned." I talked with him; I prayed with him; it all seemed of no use. I gave him some tracts, and we parted. Some time afterwards I met him again; he was glad to see me, and asked to look at my books. After looking over them, he said, "I will take this 'Sunbeam Book;' it has large print, the stories are simple, and they suit me best, for I am a child again."

My work is not only among the Indians. There are many people here from the States. In this Nation there are about three thousand white people—adventurers—and there are also over four thousand colored people, and in the other four Nations there are about the same, but I

cannot state the exact number.

There is another part of my work that many do not think of. Through this Territory is the great highway to Texas, and every day you can meet wagons going or coming from Texas, and, with God's help, we are able to do a work for them that would not be done if there was no colporteur. As I meet them on the road, I can say a few words, give them some tracts, and papers to the children. I have often sold them books, and have camped with them. One person said, "You have helped us on our

journey."

One day, as I was going home, I saw a camp of emigrants. I went to them and found one of their number dead—a woman, young, yet a wife and a mother. When I told them what my work was, they were all glad to see me. Her father said, "I wish you had been here sooner to have prayed with my girl. She was a Christian, and died in the faith, but she wished so much for some one to pray for her. You will have services for us, won't you?" I stayed with them for a while. I rode around and got all the people I could to come to the funeral on

the morrow. There were about fifty persons present when we laid the departed under the sod. I will leave you to picture the scenes in your own mind-the husband kneeling at the grave, crying, "God be merciful

to me a sinner." These people were on their way to Kansas.

I do think, instead of the Board being compelled to withdraw men from the field, that the members of the Presbyterian Church should try and give the Board such aid that they can put more men in the field. May God, in his mercy, put it into the hearts of his people to furnish the means to carry on this glorious work of the Presbyterian Board of Publication!

CHAS. BROWN, Treasurer.

COMMITTEE ON FREEDMEN.

TO THE SUPERINTENDENTS, TEACHERS, AND SCHOLARS OF OUR SABBATH-SCHOOLS.

DEAR FRIENDS:—Our General Assembly passed the following resolution, viz.:

"WHEREAS, The enlargement of our work among the Freedmen must be preceded by more frequent and generous offerings to our treasury; and, "WHEREAS, The children of the Church should be educated in sys-

tematic benevolence; therefore

"Resolved, That while the obligation to give be pressed upon all, we specially urge that the work among the Freedmen be made one of the objects to which the children in all our Sabbath-schools shall contribute; and that pastors, superintendents, and teachers be requested to avail themselves of the rich and varied incidents illustrative of this work, with the view of securing the sympathy and co-operation of the children."

There are a million of children among these Freedmen who are very ignorant and helpless. Thousands of them have neither Sabbath nor day-schools among them. Their parents are very poor, but very earnest in their desire to have their children educated. They are too poor to procure for them church and school privileges. Among these parents are fourteen thousand Presbyterians, who beg us not to desert them in their helplessness. Why should not our Sabbath-schools make this work among the Freedmen a specialty? The Christian women of our churches have, for the most part, taken up the work of our Boards of Home and Foreign Missions. May our Committee not ask that the Sabbath-schools of our Church take up "Missions for Freedmen" as a special work? What nobler work could the Sabbath-schools of our Church do for Christ and humanity, than to elevate and evangelize four millions of the poor and down-trodden in our own land? In the name of him who was ever the friend of the poor, may we not ask for special contributions from the Sabbath-schools? In behalf of the Committee,

R. H. ALLEN, D.D.,

ELLIOT E. SWIFT, D.D.,

Cor. Secretary.

Chairman.

Rev. Moses A. Hopkins, at Franklinton, N. C., writes encouragingly from his field. He preaches to three churches—Franklinton, White Hall, and Louisburg. At the last-mentioned place they need a house of worship very much. He says: "Last Sabbath it was almost impossible to find a dry place in the building we worship in, it leaked so badly." "The church at Franklinton," he writes further, "has been blessed with a most glorious revival: nine have united with the church, and one has been reclaimed. When I came to this field it was in a sad condition. White Hall had 18 members, now it has 39; Louisburg had 48, now it has 106; Franklinton had 23, now it has 57. The school here is doing finely. To God be all the glory."

LINCOLN UNIVERSITY.

This Institution is preparing colored young men for Leaders and Educators of their kindred in this land and in Africa.

It gives the full three years' eourse in Theology. This instruction is controlled by the General Assembly of the Presbyterian Church.

The College curriculum extends through the usual four years. There is also a Preparatory Academy of two classes. The whole number of students at present, including fifty in the Preparatory Department, is one hundred and fifty.

Instruction is given by six Professors. This number is insufficient. Support should be provided for two others, in Natural Science and in Hebrew.

The property, which, including endowments, amounts to over two hundred thousand dollars, is held and administered by twenty-one Trustees. They call urgently for funds. Three thousand dollars for repairs too long neglected. One great need is steam-heating apparatus. By this a saving of five hundred dollars a year could be effected. A new Dormitory Building will soon be needed.

Applications for admission to the classes from all parts of our land, especially from the Southern States, are more numerous and touching in their pleading urgency than ever before.

The day of hope is dawning. Not only is the financial prospect brightening, but through all the departments and classes there is felt the throbbing pulse of new and vigorous life. The students are as fine a body of men as can be seen in any college. We regard all this as a summons from the Master to enlarge our plans and advance. In presence of this Providential preparation can the money needed be withheld?

Attention is justly given as never before to the need of well-trained Christian Educators for the Negroes. Let those who are observing closely the signs of the times, examine earefully the work of LINCOLN UNIVERSITY.

Information is given and contributions are received by

REV. EDWARD WEBB,

Financial Secretary Lincoln University,

Oxford, Chester Co., Pa.
